## DAEC Taylor Plans Phase 3 at Cornerstone Ind. Park

*Firm to Deliver 130,772-SF Warehouse in September 2006*

DAEC Taylor Management LLC is slated to begin construction for a third building at the Cornerstone Industrial Park soon. The new building, which is scheduled for completion in September, will add another 130,772 square feet to the industrial park. Upon total completion, the Cornerstone Industrial Park will include up to 25 buildings containing more than 4 million total square feet of warehouse, distribution and office space spanning across 297 acres.

The Cornerstone Industrial Park is at the junction of Loop 410 South and IH-10 East in San Antonio. It is positioned in an enterprise and foreign trade zone with a tenant mix including Covan World-Wide Moving Inc, ProTrans International, Yazaki North America Inc. and Victory Packaging.

The landlord and developer DAEC Taylor Management LLC is using Cross & Co. out of San Antonio to manage and lease space for all its Cornerstone properties.
